GOVERNOR DOCKERY has appointed Hon. Marsh Arnold of Benton a delegate to the Trans-Mississippi Congress to be held at St. Paul, Minn., August 1 to 22.

G. M. BYRDON is editor of a new paper at Advance, the Advance Guard, a neat, new seven column folio. We welcome the Guard to our table and wish it abundant success.

The Fredericktown Democrat-News has entered upon its thirty-second year; quite a period of time. May it live long and continue to prosper. It is a carefully edited, neatly printed, newy paper, and one of our best exchanges.

SAM J. McMINN who was elected one of the State Central Committee-men from the Thirtieth district, by the St. Joseph convention is a young man, full of energy, and possesses all the necessary qualifications for the position, and we predict that he will render the party valuable service. Bollinger county appreciates the distinction the more knowing that it was bestowed on one who is worthy of the honor.

PHILADELPHIA will have a municipal building at the World's Fair, if present plans carry, a reproduction of Independence Hall, with the Liberty Bell. The room in which the Declaration of Independence was read and signed is the room in which the Articles of Federation and later the Constitution of the United States were adopted. Independence Hall also contains the room in which the first three Chief Justices of the United States held court.

Judge James D. Fox, democratic candidate for the Supreme Court, is here this week holding a special term of court. He is a model judge, and those who have attended court this week are struck with the admirable manner in which he conducts the proceedings and the great ability he displays. Judge Fox will have no superior in legal acumen on the Supreme bench when he is elected, as he surely will be.

Judge William Carter of Farmington died at the home of his son-in-law, Dr. M. A. Bliss, in St. Louis, July 22, of cancer, aged 71 years. Judge Carter was many years one of the most prominent lawyers and politicians in this part of the state, and was judge of this 27th judicial circuit twelve years, his term expiring in 1874, at which time he was elected a member of the Legislature. He had been in poor health some time.

The Democratic Convention at St. Joseph last week nominated John A. Knott of Hannibal for Railroad and Warehouse Commissioner, long term, and Joseph Rice of Moberly, short term. W. F. Carrington of Springfield, State Superintendent of Public Schools, W. A. Bothwell of Moberly was elected chairman of the state central committee. Sam J. McMINN of Bollinger, and P. A. Shaw, St. Francois, are committeemen for this Thirtieth congressional district. George C. Orchard of Butler and O. S. Harrison of Dunklin county, for the Fourteenth.

The convention is said to have been harmonious and the platform, which is a good one and all that could be desired will be given in full as soon as practicable.

day in Marble Hill. The delegates began to arrive early in the day and the convention was called to order before noon. Alan J. Statler was elected chairman and Fred S. Clippard and B. E. Masters were chosen secretaries. Hon. Moses Whybark, in a few well chosen words thanked the party for the liberal support given him in his successful campaign for the nomination for judge of the Supreme Court after which the convention adjourned till one o'clock.

The resolutions adopted condemn the state administration, the school fund certificates, etc., and said many nice things for Mr. Whybark. The following is the ticket nominated:

For Representative, J. W. Caldwell; Presiding Judge County Court, L. B. James; First District, T. W. Cooper; Second District, William Denton; Circuit Clerk H. M. Smith; County Clerk L. J. Grimsley; Collector, W. E. Dickey; Sheriff, A. C. King; Probate Judge, John W. Sample; Treasurer, John O. Allen; Prosecuting Attorney, Geo. R. Conrad; Coroner, Dr. J. K. Smith.

The Bowen & Mathews Milling Company are erecting a large mill and elevator at Sikeston.

Harry Haverstick fell 100 feet down a mining shaft at Flat River, July 26, and was fatally injured.

George Marshall was shot by a negro at a negro barbecue and dance near Sikeston, July 19, and died next day.

The wheat harvest of Stoddard is about over and a better yield was never made in the county. It is estimated the average per acre over the county is about twenty-two bushels.

The steamer City of St. Louis took from Commerce, and way landings, to St. Louis, arriving there July 15, a cargo of 29,548 bushels of wheat, which is said to have been one of the largest cargoes of wheat ever received there.

John Bangert, 19 years of age, was stabbed and instantly killed by a negro named Andrew Farrar at Bonne Terre last Saturday night. The negro escaped, but a posse was hunting him and if caught he will probably furnish a lynching bee.

Ed. H. Engelman, John A. Vandeven, C. W. Stehr and G. C. Thelenius are the directors of a new bank at Cape Girardeau, which will be known as the German American, and will be ready for business about the first of September.

Harry Cunningham and Peter Russell were caught breaking into freight cars at Malden the night of July 17, and when ordered to throw up their hands, Cunningham reached for his gun, and was badly wounded by Sam Blanton, the watchman.

The Catherine Lead Company at Fredericktown wanted to import a lot of Hungarians to work at the mine and was informed that the Americans would not work with them and they straightway closed down throwing 150 men out of employment.

John Butcher was run over by a train on the South Missouri & Arkansas road, near Delta, early last Saturday morning and killed. He was at a dance in that vicinity and laid the worse for liquor, and laid down using the rail for a pillow and

probably was asleep when the train struck him.

Willis Bollinger, a negro porter for Butler County Bank at Poplar Bluff, recently appropriated a large amount of the bank's funds and skipped for St. Louis to have a good time, but fell into the hands of the police there and was shipped back to Poplar Bluff to answer the charges. He has confessed his guilt.

Bonne Terre Star.

There would seem to be a gang of counterfeiters in St. Francois county. On the 4th of July several lead dollars were passed at the stands on the picnic grounds in Bonne Terre and down in the Flat River country last week several parties were placed under arrest and taken before the United States Court for passing raised twenty dollar bills.

Fredericktown Tribune.

It is reported that a wreck of the Cotton Belt was narrowly averted on Monday night near Cornwall. Some one walking along the track reports that he found a cross tie wired fast to the rails and with some difficulty removed the same just before the Cotton Belt was due. It can hardly be imagined why any one would do such a wicked thing as to endanger the lives of a whole train load of innocent people. We hope such a thing will not occur again to the discredit of our county.

Charleston Courier.

Some time ago a stenographer for the Himmelberger Lumber company of Morehouse mailed a letter intended for a bank at Sikeston; but neglected to address the destination and the mail clerk under his instructions sent it to the dead letter office at St. Louis, thence to Washington City, where it was opened and found to contain the sum of \$5,000 which was intended to be placed on deposit to the credit of the lumber company. The authorities at Washington City promptly forwarded it to its intended destination to the Citizens Bank at Sikeston. It is said the young stenographer breathed a sigh of relief after he found out it had turned up all right and no doubt in the future he will be more careful in addressing mail.

Ben Adams Searched.

Ever since that convention on May 3 Brother Ben Adams has been very much angered and he has denounced the convention in such forcible and often uncouth language that he has incurred the displeasure of his fellow citizens. Their displeasure has been so pronounced that Ben feared an attack on his person. So to fortify himself he purchased a pistol and placed it in his pocket. This he intended to use in self defense.

Instead of getting the weapon and saying nothing about it he took delight in telling all whom he met that he was prepared to meet them. He would say, "Just let them tackle me and I will send them over the road. I have got it right here." Then he would point to the pocket

in which he had the pistol. Things became alarming in the eyes of his antagonists, and some one reported Ben to the mayor. The mayor accordingly ordered the marshal to search Ben. This the marshal proceeded to do last week. He cautiously entered Ben's office and in a proper way told Ben that he had a very unpleasant duty to perform, but that he had been ordered by the mayor to search him as it had been rumored that he had been carrying concealed weapons. In Ben's natural and haughty way he said, "Yes, I have a pistol—always carry it." "Well," says the marshal timidly, "come back here till I search you." "No," says Ben, "search me right here." The marshal proceeded and found the pistol and told Ben to take it out. Ben obeyed and when the weapon was displayed to view it was found to be a large, rough—toy pistol.

The marshal had to treat to keep Ben from writing him up.—Jackson Herald.

'Possum Creek.

Health is very good in this vicinity at present.

Our farmers are busy threshing wheat this week.

Mrs. Melyin Lutes was called to the bedside of her sick mother, Mrs. Englehardt, one day last week.

Several of our young people enjoyed a drive to the tunnel above Glen Allen Sunday afternoon. They were Messrs. Emoro Winters, Jesse Winters, Melbourn Winters, Jonah Lutes and Misses Nora Hawn, Nellie Lutes, Marietta and Minnie Winters.

We are having a good Sunday School at Point Pleasant now and are preparing to have children's day in the near future.

Miss Lillie Nanney visited the family of Thomas Shelton last week.

Uncle Jesse Lutes is on the pony list at this writing.

With best wishes to THE PRESS and its many readers, I will close.

CONSTANCE.

Alliance.

Not seeing anything from this place, I will pen you a few items.

Health is very good with exception of a few cases of dysentery.

Wheat is good in quantity though poor quality and corn looks fine but needs rain.

H. S. Hartle is going to sow his fence corners in turnips. He has the ground prepared and will commence sowing soon. Henry says it is a good idea as the weeds won't grow and it saves lots of work for Fred and Johnson.

Mrs. Dr. Patrel of Oak Ridge is visiting the families of A. B. Dolle and John Sample.

Anthony A. Bollinger and sister Emma are visiting relatives at Doe Run.

(J. C. Seabough and Dave Barks are doing a lot of wheat threshing. They are giving satisfaction.

Mrs. James Blaylock is no better and they are talking of taking her to St. Louis for treatment.

If this misses the waste basket, I will come again. PETER SHIEK.

Buchanan.

Hot and dry.

Threshing wheat and oats is now in order.

Corbin & Kirk delivered two car loads of lumber to Zalma last week.

The Pioneer Coopers Company are having their staves moved from factory yard to railroad.

A protracted meeting is now in progress here. Rev. S. C. Biffle is here visiting his brother, A. W. Ashcraft, the first of the week.

White Eagle, the Indian doctor, passed through here last Saturday.

Bill Frazier is back at Corbin's mill, firing.

George Headrick has been quite sick for several days but is now convalescent.

Frank Bell can tell you how it feels to fall off a foot log into the troubles. Dr. S. M. McAnally.

Poisoning the System.

It is through the bowels that the body is cleansed of impurities. Constipation keeps these poisons in the system, causing headache, dizziness and melancholia at first, then un-
sightly eruptions and finally serious illness unless a remedy is applied.

DeWitt's Little Early Risers prevent this trouble by stimulating the liver and promote easy, healthy action of the bowels. These little pills do not act violently but by strengthening the bowels enable them to perform their own work. Never gripe or distress. Dr. S. M. McAnally.

Acts Immediately.

Colds are sometimes more troublesome in summer than in winter, it's so hard to keep from adding to them while cooling off after exercise. One Minute Cough Cure acts at once. Absolutely safe. Acts immediately. Sore throat, colds, croup, throat and lung troubles. Dr. S. M. McAnally.
